

BHAARAT INDUSTRY

Fabrication to Interiors

The Premier Manufacturing Wing for Commercial Projects & Steel Fabrication

OPERATIONS & INFRASTRUCTURE

25,000+
SQ. FT.
FACTORY AREA

We operate as a highly specialized production wing, handling physical creation and technical groundwork entirely in-house.

We source high-quality Stainless Steel (SS) and Mild Steel (MS) directly at factory rates, ensuring maximum durability and unmatched cost-efficiency for your commercial build-outs.

BUILDING YOUR FOUNDATION

Bhaarat Industry serves as the specialized manufacturing wing of our venture. We are responsible for the physical creation, technical groundwork, and on-ground delivery of every project.

Our goal is to create highly functional environments, custom-designed to help you serve customers faster and maximize your profits.

OUR CORE IDENTITY

BRAND FOCUS

Specializing in the physical creation and technical groundwork of commercial projects through high-quality MS and stainless steel fabrication.

OUR VISION

To be the technical engine of the venture, turning empty spaces into high-functioning businesses through robust, industrial-grade assets.

OUR MISSION

To deliver durability and cost-efficiency by manufacturing specialized F&B equipment—such as kiosks and glass displays—to drive sales.

KITCHEN EQUIPMENT

MODULAR KIOSKS & CARTS

GLASS DISPLAYS

MANUFACTURING CAPABILITIES

SPECIALIZED FABRICATION

Our core specialty lies in the rigorous, customized manufacturing of MS (Mild Steel) and Stainless Steel (SS) structures, tailored to exact operational specifications.

MATERIAL SOURCING

We leverage industry connections to source high-quality metals strictly at factory rates, guaranteeing both long-term durability and bottom-line cost-efficiency.

MODULAR RETAIL UNITS

We expertly design and produce modular retail carts and dynamic kiosks that are strategically optimized for high foot traffic and rapid customer service.

SALES-DRIVEN DESIGN

Manufacturing specialized hot and cold glass displays engineered specifically to drive "impulse buys" by showcasing products clearly and attractively.

WHY CHOOSE BHAARAT INDUSTRY?

DIRECT-FACTORY PRICING

We manufacture the steel equipment and furniture ourselves in our own facility, cutting out middleman margins entirely to protect your budget.

F&B SPECIALIZED KNOWLEDGE

We intimately understand the specific plumbing, gas safety, and stringent hygiene rules that general contractors often overlook or misunderstand.

ZERO-STRESS MANAGEMENT

Streamline your buildout. You deal with one dedicated, unified team instead of coordinating and managing five different fragmented vendors.

ON-TIME DELIVERY GUARANTEE

We adhere to strict production deadlines to ensure you don't lose valuable capital on rent while waiting to open your doors.

PRODUCT VERTICALS

KITCHEN EQUIPMENT

Premium food-grade SS prep tables, industrial sinks, heavy-duty storage racks, and specialized exhaust hoods.

COMMERCIAL ENGINEERING

Robust industrial-grade assets including heavy-duty MS structural framing and high-capacity industrial shelving.

SPECIALIZED MACHINERY

State-of-the-art automated and semi-automated F&B dispensing machines, alongside precision tea and coffee brewers.
